

THE ADAMS SENTINEL.

GETTYSBURG:

WEDNESDAY, JAN. 15, 1862.

Barracks for the Guards.
The proposals for the Barracks for the Cavalry Regiment were opened on Monday; and the allotment for the Lumber was made to STEARNS & BUEHLER—175,000 feet at \$30 per thousand; and the Hardware to JANNER & ZEHLER, at certain rates dependent on the kind and quality needed.

We are informed by Adjutant FITZES, that a letter received from Miss E. L. PONTREAVE conveys the intelligence that the regimental colors for the Porter Guards are almost completed, and will be forwarded from New York City to Col. LUMMONS—probably within a few days. They will be publicly presented and received, with all due honors.

Most of our readers are probably not aware that the Cavalry Standard, unlike the infantry or artillery flag, is not emblazoned with the stars and stripes, but with the national arms—the eagle, shield, stars, arrows, and leaves, with the motto, "E Pluribus Unum," and the number and name of the regiment, in a scroll. In addition to this, small guidons, or company flags, are carried in each squadron.

We are gratified to learn that the sick at the Hospital of the Porter Guards are all convalescent. There are one or two at other places who are very ill—we know not whether dangerously so or not.

The members of the Regiment are still very orderly in their deportment, and appear to strive with each other, generally, to keep up the credit of the regiment. Their daily parades are still looked upon with interest by the citizens.

Fatal and Shocking Accident.
On Thursday last, Mr. THOMAS HINES, of the vicinity of Shippensburg, was returning from that place to his home on foot, on the railroad, when he met a train of burden cars in a narrow cut, and to escape them tried to get a foot-hold on the side of the cut—but could not perfectly succeed, as it was rocky. The conductor saw him, but too late to check his speed. He escaped all the cars, however, but the last, which was wider than the rest. It struck him, and he fell under the wheels, and was killed instantly, his head being nearly separated from his body. It is indeed a mournful event. He is a son-in-law of Wm. D. HINES, Esq., of New Oxford, and leaves a most interesting young wife.

Both Houses of our Legislature adjourned on Thursday last until Monday.

We give at length the Message of the Governor. It is an able and lucid document, and will repay perusal.

Mr. BUCHANAN DANNER, Esq., our new County Treasurer, has given bonds, and entered upon the duties of the office.

Wm. McCLEAN, Esq., has been re-elected Counsel to the Directors of the Poor, and Dr. DORSEY Physician of the Almshouse.

Hon. EDWARD McPHERSON has our thanks for a number of Congressional favors.

Election of Mr. Busby Contested.
On Thursday last, in the House of Representatives, a petition from citizens of Adams county was read, alleging that Mr. MEYERS was legally elected to the seat now occupied by Mr. BUSBY, because the latter had received the votes of minors, and charging other illegalities. The House then proceeded to the appointment of a committee to try the contested election. They are as follows: Happer, of Washington; Hutchins, of Allegheny; Hull, of Luzerne; Schrock, of Somerset; Wundie, of Chester; Early, of Elk; Henry, of Beaver; Smith, of Chester; and McClellan, of Chester.

Mr. McCONAUGHY, of Gettysburg, and Hon. A. K. McCLURE, appeared for Mr. BUSBY, and R. A. Lamberton, Esq., for the contestant.

The seat of Mr. HOUSEHOLDER, of Bedford, is also contested by Mr. CRESSNA, and a committee was appointed to try it.

The *Leonian Literary Society* of Petersburg (Y. S.), will hold its anniversary meeting on the Evening of the 21st of Jan., in the Academy. The public are invited to attend.

On Thursday evening, Prof. HART opened a Singing School at the Pines Church, near New Chester, and on Friday evening at Petersburg, with most flattering prospects. The next School he will open will be in Gettysburg—when he will have Schools in Fairfield, Bendersville, Bender's Church, Pines Church, Petersburg and Gettysburg. The Professor's success as a teacher of vocal music is unsurpassed.

The large bank barn, stabling, out-house, and carriage-house, of Mr. Christopher Mellinger, of Stoughton, Cumberland county, was fired by an incendiary on New Year's evening, and entirely consumed, with 4 valuable horses, 5 milch cows, 3 head of cattle, horses, hares, and a large quantity of oats, hay and straw. His loss is very heavy.

Meeting of the Legislature.

The State Legislature met on the 7th inst., and was organized without difficulty. In the Senate the following officers were chosen—they being the nominations of the Republican caucus:

Speaker—Louis W. Hall, of Blair.
Chief Clerk—George W. Hammersly, of Philadelphia.
Assistant Clerk—G. S. Berry.
Transcribing Clerks—F. Hitchcock, J. M. McAfee, Dr. M. Orady, Mr. Watt, and Mr. Huddleston.
Sergeant-at-Arms—Herman Yerkes.
Assistants—Messrs. Moore and Dickson.
Door Keeper—John G. Martin, of Lancaster.

Assistants—Messrs. Hines, Moorehead, Riblett, Johnston and Bubb.
Messengers—Mr. Walker.
Assistant Messengers—Mr. Brower.

Mr. HALL was elected on first ballot by a vote of 21 to 9 for Mr. CRAWFORD.

The House organized by the election of JOHN LOWE, Esq., of Franklin county, as Speaker, on the first ballot, by a vote of 53 to 45 for Mr. HOPKINS, of Washington county. Mr. ROWE is a Union Democrat, and received the votes of the Republicans and Union Democrats. Mr. HOPKINS was supported by the Democrats, who adhered strictly to party. Capt. E. H. RAGAN was re-elected Chief Clerk. The other officers were fairly divided among the Republicans and Union Democrats, so that the House may be considered organized on a Union basis.

On Thursday last a supplement to the Act incorporating the Gettysburg Railroad, was passed by the Senate of this State. The bill authorizes the Company to issue preferred stock to secure a certain mortgage upon the road.

On the same day, the Senate, by a unanimous vote, confirmed the nomination of Alexander L. Russell, of Allegheny, as Adjutant General, in place of Edward M. Bidle, resigned; and also that of Daniel M. Smyser, Wm. McLellan and James Sterrett, as Commissioners to revise the Revenue Laws.

The Horse Contracts.

In the proceedings of the House of Representatives of the U. S., on the 8th of January, the following resolutions offered by Mr. McPHERSON, were adopted:

Resolved, That the select committee on contracts be instructed to inquire into the manner of keeping the five hundred and twenty-five disabled horses received for wintering by George Ramsdell, under a contract made November 23d last between Col. D. H. Rucker, a quartermaster of the Army, and the said Ramsdell; and particularly to inquire, First, Whether the said Ramsdell has sublet the keeping of these horses, and, if so, at what prices, and by what officer the horses were inspected before delivery to Ramsdell. Second, Whether, in his articles of agreement with subcontractors or others, the said Ramsdell has stipulated that the horses shall be provided with "good, warm, and sufficient stabling," and that they shall each receive a daily allowance fourteen (14) pounds of hay and twelve (12) pounds of oats or corn, as required in his contract with the Government. Third, Whether the said Ramsdell has, up to this date, received any compensation upon said contract, and whether said payment, if made, was made after an inspection of the horses, as provided in the ninth article of his agreement. Fourth, Whether any other parties than the said Ramsdell are interested in the said contract, and if any, who.

This matter is likely now to be officially investigated, and we believe, the people will learn that great abuse was attempted, under guise of this contract.

Two diabolical attempts were made last week to blow up the Mansion-house Hospital at Alexandria, which were fortunately discovered in time to frustrate the awfully wicked intention. A barrel of powder was found in the cellar, with other combustibles, and a slow fuse extending from them to the stable. The fuse end had already been ignited when discovered. It was nearly the same the second time.—There were nearly 500 sick in the Hospital, and had the incendiary succeeded, not more than one-half of them could have escaped. Can any thing be conceived more horrible than such an act?

Wm. Smithson, a banker of high standing at Washington, has been arrested for furnishing important information to the Rebels. Letters and documents were discovered in a Rebel mail captured on the Lower Potomac, traced to him, giving full particulars of the numbers, condition and position of our troops near Washington, with other information valuable to the enemy. Among the documents found was a plan for the capture of Washington, which had been drawn by Smithson himself.—They ought to make short work with such a traitor!

A horrible murder was committed some time on last night week, near the South Mountain, about a mile from what was formerly Ege's Forge. The victims were an old German named JOHN BERNER and Wm. CRIST, a colored boy about 14 or 15 years of age, who lived with him.—About 9 o'clock at night the neighbors discovered Mr. Berger's house (a small log one) on fire, and when they went there, they found the old man lying on his back dead—having been shot through the head, and among the ruins of the house the burnt and blackened corpse of the colored boy. The object was evidently robbery, as the old man was said to have money. Suspicion attaches to two travelling Germans seen in that vicinity during the evening. Parties were in pursuit of them.

Latest War Intelligence.

The large naval expedition of Gen. Burnside sailed from Annapolis on Thursday last. The destination is not known, but from the immense power of the fleet and army, we shall hear very shortly, that it has made its mark somewhere in the rebel States.

All the Burnside expedition have arrived at Old Point. From the fact that the large number of Federal gunboats have collected in Pamlico Sound, it is conjectured that the expedition is designed to operate in North Carolina. A few days will decide the question.

The great Mississippi Expedition sailed from Cairo on Friday. It is of the most formidable character. There are 12 gun-boats, 38 mortar-boats and 28 tugs and steamboats, and 75,000 men. The destination is understood to be Nashville, when if a junction can be made with Gen. Buell's command, the entire army will proceed to New Orleans. We shall have stirring news shortly.

Humphrey Marshall, ex-Congressman, of Kentucky, got together a body of Rebels in Eastern Kentucky, numbering from five to eight thousand, and was engaged in seizing the produce and stock of the Union men, and robbing them in every way, and was about to make a brilliant campaign—when Col. Garfield, with less than 4,000 Federal troops, went in pursuit of him, and when he was within seven miles of the rebels, Marshall, frightened, sent a flag of truce, asking if "matters could not be arranged without a fight."—Col. Garfield replied it was "fight or surrender." Marshall then addressed his men, telling them they had the alternative of surrendering or disbanding, and they chose the latter. He collected and burnt the wagons, tents, &c., and each man left, taking care of himself. The Federal cavalry were in pursuit, trying to capture cannon, which was the only thing the Rebels carried off.

Accounts from the lower Mississippi, are that our troops at Ship Island had taken possession of Biloxi, on the mainland of Mississippi, and captured the Rebel force there, together with the cannon.—The place is to be held permanently by the National forces.

The steam sloop-of-war Pensacola run the rebel blockade of the Potomac on Saturday last, without receiving the slightest injury. Twenty-two shots were fired at her, but not one struck her. Besides her own armament the Pensacola was laden with cannon and other munitions of war.—Her safe passage down the Potomac occasioned great rejoicing at Washington. The Rebels had been reserving the full display of their powers for her, and must be much mortified.

The Galveston News says that a vessel laden with 20,000 stand of arms has been captured by the blockading fleet.

Secretary Seward is determined to prove to the English Government that this country has no belligerent purposes towards Great Britain. He has telegraphed permission for British troops to be landed at Portland, Maine, and pass across our territory to Canada. This is a good stroke of policy, as it rather turns the laugh—at the unimportant point—against the vast preparations of the British for war.

The Senate of the U. States has passed a resolution unanimously, expelling Senators Polk and Johnson, of Missouri, for disloyalty.

Thirty army wagons, 4 mules each, from Banks' division, arrived here yesterday, and returned loaded with ears, purchased at the ware-houses of Hoke, and Diehl, Brinkerhoff & Co.

The Chicago Journal learns by private advices from Washington that Gen. James H. Lane will reach that city the latter part of the present week, en route for Kansas, where the War Department has assigned to him a command of twenty-five thousand men, six thousand of whom are to be cavalry; and included in the command are three of the regiments now encamped at Chicago—Breckett's Cavalry, Baldwin's Infantry and Wilson's Mechanic Fusiliers. The last named regiment, for whose thorough equipment as army engineers, mechanics and artificers, the Government has determined to appropriate \$210,000, will accompany the General to Fort Leavenworth. It is understood that this command, under Gen. Lane, is designed for a grand expedition through the section of country along the Arkansas border into Texas, simultaneously with the grand movement of all the divisions of the army of the Union.

The steamer Oriental, arrived at N. York, brings intelligence from Port Royal to the 6th instant. General Stevens' brigade still hold possession of the mainland, notwithstanding the assertions that have been made by the Charleston papers that they had been repulsed and retreated to Port Royal Island. On the 5th instant another skirmish occurred in which the Rebels suffered severe loss and seven prisoners were captured. Gen. Sherman had sent 3,500 troops to reinforce Gen. Stevens, and had censured him (Stevens), for want of activity. Reinforcements were daily arriving at Port Royal. The Federal force at Tybee Island had also been increased by three thousand troops sent from Port Royal.

FRIGHTFUL RAILROAD ACCIDENT.—A frightful accident occurred on the Northern Central Railroad to the train going West at one o'clock last Thursday morning, when about three miles below Williamsport.—The train was speeding along at a rapid rate, when a rail broke, and plunged several cars down a rocky bank about twenty-five feet high, leaving them a wreck on the ice below. Six men were severely wounded, but happily no one was killed. One car turned over four or five times, and landed on its top, a crushed up pile. That all its inmates were not mangled and maimed, is alone attributable to the signal providence of an overruling Providence.

FINKLE & LYON SEWING MACHINE COMPY., 538, Broadway, New York.

No person who contemplates purchasing a Sewing Machine for family or manufacturing purposes, should fail to send for one of our Circulars, which contains cuts and full descriptions of the several styles, prices and samples of work, all of which we send by mail free. We claim to have the

Best Sewing Machines in the World, For either Family or Manufacturing Purposes. And all we ask is a fair trial. Read the following:

IMPORTANT FACTS.

FACT No. 1.—This Company being duly licensed, their Machines are protected against infringements or litigation.

FACT No. 2.—These Machines make the lock-stitch—like on both sides—and use a little less than half as much thread and silk as the chain or loop stitch machines.

FACT No. 3.—These Machines are better adapted than any other sewing-machines in market to the frequent changes and almost endless variety of sewing required in a family. They will sew from one to twenty thicknesses of Muscades without stopping, and make every stitch perfect. They will even sew from the finest gauze to the heaviest cloth, and even stout, hard leather, without changing the feed, needle, or tension, or making any adjustment of machine whatever.—Is not such a machine best adapted to family use? and if never adapted to family use, why not for every variety of light sewing in a factory? For work too heavy for our Family Machine, we recommend our larger sizes.

FACT No. 4.—These Machines make the most elastic seam of any sewing machine in use—a fact of very great importance in sewing elastic goods, or goods of any kind, on a bias.

FACT No. 5.—No Machine is more durable or more simple in its construction, or more easily understood. The reputation of these Machines wherever used will fully demonstrate each of the above facts.

FACT No. 6.—These Machines took the Highest Premium at the Franklin Institute, Philadelphia.

FACT No. 7.—These Machines took the Highest Premium at the New Jersey State Fair.

FACT No. 8.—These Machines took the Highest Medal at the American Institute, in the City of New York, together with the Highest Premium for fine Sewing-Machine Work.

FACT No. 9.—These Machines took both the Highest Premiums at the Mechanics' Fair, Utica, N. Y.

FACT No. 10.—These Machines can do the same thing generally, whenever properly exhibited in competition with other first-class Sewing Machines. But we have space for only one fact more—it is the most important fact of all.

FACT No. 11.—We warrant every Machine we sell to give better satisfaction than any other Sewing Machine in market, or money refunded.

Send for a Circular. AGENTS WANTED. Address: Finkle & Lyon Sewing-Machine Co., No. 538 BROADWAY, NEW YORK. Jan. 15.
